

Dear Member,

Welcome to CEPIS July 2019 Member Update. Since you last heard from us, ITPE co-organised an event on the e-CF in the Netherlands, Finland has assumed the presidency of the Council of the EU, and a new report on digital skills for SMEs has been published by the European Commission. Discover all this and more in the July Member update!

### 'e-CF: Share & Inspire' held in Utrecht on 19 June

On 19 June, the event 'e-CF: Share & Inspire' event took place in Utrecht, co-organised by ITPE and Capgemini. Over 30 participants from education, government and industry joined the event to discuss how e-CF is used by companies in the Netherlands. [Read more](#)

### SHERPA project update

SHERPA

Discover the latest developments and work of the SHERPA, a project exploring the ways in which Smart Information Systems impact ethics and human rights issues. [Read more](#)

## Digital Skills: New Professions' pilot project final report now available

The European Commission has published the final report of the pilot project, “Digital Skills: New Professions, New Educational Methods, New jobs”. The main action of the project was to develop blueprints for training programmes that would help Small and Medium Enterprises (SMEs) to furnish their employees with the necessary digital competences. [Read more](#)

## European Commission releases brochure on the ‘Digiframe’

The brochure on “High-Tech Skills for Industry – Increasing the EU’s talent pool and promoting the highest quality standards in support of digital transformation” has been released by the European Commission. It was co-authored by Capgemini, IDC and empirica and provides an overview of the Digital Capability Reference Framework, or ‘Digiframe’. [Read more](#)
